GM ZARGENPROFIL

– THE SLEEK SOLUTION FOR ALL-GLASS DOORS –

FACT BOX

High-quality aluminium, anodised, available in a niro matt or in all RAL-colours, rubber seals available in grey or black.

Ideally suited for SECURMART ESG all-glass doors in combination with DORMA fittings.

For 8 and 10 mm toughened glass in the stock size à 5200 mm or in fixed measurements cut to the mitre.

Frame bolts (SK M5 etc ...)

GM ZARGENPROFIL complements all conventional, all-glass-door, fitting systems – for example, DORMA Schlösser Studio Rondo, Studio Classic, Junior Office Classic and the DORMA-Band Junior Office No. 12 050.

GM ZARGENPROFIL COMES AS ORDERED
