Clip-in Tipvent 490

CLIP-IN SLOTVENTS

CLIP-IN SLOTVENTS

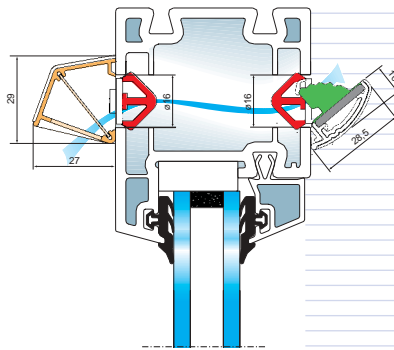

Clip-in Canopy 590

The canopy is made from aluminium having the **MECHANISM TO CLIP** into the slot of a window frame. The canopy fits a 16 mm slot height and it has a stainless steel mesh with 2 mm x 2 mm apertures.

Material : Profile : aluminium extrusions
ALMgSi 0,5
Endcaps : ASA Polymer

Height : Profile : 28 mm
Endcaps : 29 mm

Availability : - Standard sizes or Made To Measure
- Standard White, Powder Coated in all RAL-colour or Satin Anodised
- Endcaps in black or white

Clip-in Tipvent 490

The tipvent is made from aluminium having the **MECHANISM TO CLIP** into the slot of a window frame. Alternatively it can be surface-mounted with screws.

The built-in tip lever directs the incoming air upwards. The tipvent fits a 16 mm slot height. FOAM is integrated to ensure wind- and water tightness and to prevent condensation. It can be controlled with **STEPPED SETTINGS** and has a positive click when closing.

Material : Profile : Aluminium extrusions
AL Mg Si 0.5
Endcaps : ASA Polymer
Foam : waterproof

Height : Profile : 27.5 mm
Endcaps : 28.5 mm
